THE OFFICIAL NEWSLETTER OF THE MT GRAVATT BOWLS CLUB.inc
OCTOBER - NOVEMBER 2019

CHAIRMAN'S REPORT

Members,

At the Annual General Meeting held on Sunday 22nd September the following members were elected to the Board:

Chairman - Graham Chattin

Business Manager - Reg Walls

Treasurer - Jim Brown

Secretary - Trish Hassam

House Director - Jeff McLennan

Greens Director - Geoff Devencorn

Ken Peters, Greens Director, and Grant Upton, Bowls Director, retired from the Board. I offer my sincere thanks to these gentlemen who were both very effective in their roles, particularly Ken Peters, who battled serious health problems throughout the year. Grant has agreed to continue to assist in the supervision of the barefoot bowls and to assist the new Bowls Director – when we are able to appoint someone.

The position of Bowls Director is not a difficult job but a very important one because the development of barefoot bowls will provide a very strong revenue stream for the club. The role requires someone who has good organisational and personal skills to be able to coordinate and run the barefoot bowls in cooperation with our Club Manager and with the assistance of a reliable and enthusiastic team of volunteers who are rostered to look after each group. I would like to see one of our ladies take on this role because we desperately need another female on the Board. We need more representation from the ladies to ensure the best interests of the ladies are preserved in the decision making processes.

Congratulations to Roger Piaseki who has again taken on the role of Men's Section President and to Bev Geldart who was re-elected as President of the Ladies Section. The Section Presidents attend the Board meetings and it is essential they be included to ensure the lines of communication are always open to facilitate the smooth operation of the Club.

Congratulations also to those members elected to Committee positions for the first time and those members who were re-elected.

The club does not function without these members taking on this responsibility and I look forward to a very productive and profitable new year.

The proposal for the purchase and installation of a solar power system was approved by the members at the AGM. It was suggested that a way to fund the project would be for the Club to issue Debentures to allow the members to invest in the future of their club and I was very pleasantly surprised to see the positive and enthusiastic response from the members.

The issuing of Debentures will provide the members with an opportunity to earn far better interest than currently available from the banks and most superannuation funds while at the same time providing the Club with access to sufficient funds, at a reasonable interest rate, to undertake essential development projects such as the solar power proposal.

The Board will now seek legal advice and prepare a prospectus for distribution to the members for their consideration. Legal documentation will also be prepared, in line with ASIC regulations, to protect the interests of the members and the Club.

Thanks to Les Ockendon, we have found a folder that includes all the documentation for a Debenture issue that dates back to October 1969 when the Club wanted to raise \$30,000 to redevelop the Club premises. The cost of the project at that time was \$51,786. When you consider you could purchase a new home at Rochedale in 1970 for around \$12,000 it was a lot of money. In 1969 I was earning around \$66 per week as a tradesman and my wife and I paid \$320 for a week on Lindeman Island for our honeymoon in November 1969. What a difference 50 years makes.

Keep bowling a good line and length everyone.

Graham Chattin

Board Chairman

PRESIDENT/PAST PRESIDENTS' REPORT

What a great time to hand over the presidency, I have sorted out the club, given the board grief and made all you people wonder what is going on "HA HA".

In 2007 after officially joining the club as a full member, I didn't realise what the future was going to bring, but a great bloke by the name of Graham (Tiger) Wilson lined me up and next thing I know was being Vice President. Thanks Graham.

I have had a great time in the past two years with a lot of support from the Men's Council Members, the Board and all of my fellow bowls club members. Thanks to Roger Piasecki for coming back as President after a two year break as Roger was President before my term. Thanks also to Henry Gauci as he has always been there as my Vice President.

This year's Pennants season did not go the way we had hoped for the boys, but next year: look out all the other Clubs, Mt Gravatt is coming.

The best of health & happiness for the future,

Ian Svensson

Past President

INCOMING PRESIDENTS' REPORT

Hi to all my fellow bowlers!

As the incoming President I would like to take this opportunity to thank our outgoing President Ian Svensson for the marvellous way in which he has carried out his duties for the past 2 years.

He has unselfishly given his time, effort and commitment to help propel our club to make it truly enjoyable to be a member.

Thank you Ian!

I will now commit to applying myself to my new position and help in any way I can to continue the excellent work of our past President Ian.

Feel free to contact me if you have any concerns about our club.

Go Mustangs!!

Roger Piasecki

LADY PRESIDENTS' REPORT

With the holding of the Ladies AGM on 24th September, we welcome in the new committee for 2019/20. I have again accepted the position of President and I thank most sincerely the members for having confidence in me to lead you for the coming year.

It would be remiss of me not to acknowledge the work achieved by the past committee. I thank each and every member of the committee for their dedication and hard work which has ensured that our section has been successful. In particular I thank Mary Smith, the secretary for the past three years for her work and commitment to the club. Enjoy your time and your bowling in the future.

To our new committee members I express a big thank you to you all for taking on the positions which will see our ladies continue to achieve this year.

The coming weeks will see our Division 1 Pennant players taking on the winners of the Gold Coast region to determine the Zone winner who will proceed to the State Titles. Debbie Logan and Glenys Read will also be competing in the State Champion of Club Champions having defeated the Gold Coast winners in the Zone play-off. Following these games we have our Six-a-Side Competition in November and we are hoping for many clubs to compete.

To our ladies who are suffering or have suffered ill-health our thoughts are with you and we wish you a speedy recovery. To our new members welcome as you are a very valuable part of our club.

My congratulations to those who have taken on positions on the Board of Management and the Men's Council. It is hoped that we may all work together for the benefit of our club and our members.

Bev Geldart.

The Melbourne Cup Day function planning is well advanced. I have included a flyer in this newsletter as well as having them on both noticeboards and on the website. Please note payment is at the bar as is the sheet to write your name regardless of whether you are playing bowls as well as having lunch or lunch only. There is a separate sheet for both. Please ensure your name is recorded.

The other event is a little further away being the visit by Dolphins Social Club set down for Sunday 2nd February 2020. Some planning has been done. Main thing at present is for you our members to place it in your diary as we require players on the day to mix in and play bowls with the visitors.

Scomo's Tax Offset for low and middle income earners

If you are an Australian resident for income tax purposes and you pay tax on your taxable income, you may be eligible for both the: • low income tax offset **OR** • low and middle income tax offset.

You don't have to do anything to claim the offsets. ATO will work them out for you when you lodge your tax return.

Tax offsets reduce the amount of tax payable on taxable income. These are non-refundable offsets, so the following applies:

- any eligible offset amount can only reduce your tax payable to zero, any unused offset amount can't be refunded
- it can't reduce your Medicare levy.

If your taxable income is less than \$66,667, you will get the low income tax offset.

Low and middle income tax offset - If your taxable income is less than \$126,000, you will get some of the low and middle income tax offset. The maximum offset is \$1080 per annum. The base amount is \$255 per annum.

The new low and middle income tax offset is available for the 2018-19, 2019-20, 2020-21 and 2021-22 income years and is in addition to the low income tax offset. If your taxable income:

- does not exceed \$37,000, you will be entitled to an offset amount of \$255 on your tax payable.
- exceeds \$37,000 but is not more than \$48,000, you will be entitled to an offset amount of \$255, plus 7.5% of the excess above \$37,000 to a maximum offset of \$1,080 on your tax payable.
- exceeds \$48,000 but is not more than \$90,000, you will be entitled to the maximum offset amount of \$1,080 on your tax payable.
- exceeds \$90,000 but is not more than \$126,000, you will be entitled to an offset amount \$1,080 less 3% of your taxable income above \$90,000.

Changes to Deeming Rates

The deeming rates used to assess your income are being lowered from July 1st.

Centrelink use an income and asset test to work how much they can pay you. They include any deemed income in the income test. Deeming assumes that your financial investments earn a set rate of income, no matter what they really earn.

How Centrelink work out your deemed income depends on your circumstances. Centrelink apply a lower deemed rate to a certain amount of your total financial investments. Anything over that amount is deemed at a higher rate.

The lower deemed rate is 1.75%. This will drop to 1%.

The higher deemed rate is 3.25%. This will drop to 3%.

Centrelink will backdate the change to 1 July 2019, and apply the new rates from this date. You don't need to do anything. If you have deemed income, Centrelink will automatically apply the new deeming rates. You may see a change in your regular payment rate after the new deeming rates have been updated.

For Singles - the first \$51,800 of your financial assets has the deemed rate of 1% applied. Anything over \$51,800 is deemed to earn 3%.

If you're a member of a couple and at least one of you get a pension, the first \$86,200 of your combined financial assets has the deemed rate of 1% applied. Anything over \$86,200 is deemed to earn 3%.

If you're a member of a couple and neither of you get a pension, the first \$43,100 of each of your own and your share of joint financial assets has a deemed income of 1% per year. Anything over \$43,100 is deemed to earn 3%.

As always, if you would like further information on any part of this article or if you have any financial planning questions please do not hesitate to contact me.

Downsizing For Seniors

When the time comes, downsizing for seniors can present a multitude of emotional and physical challenges. Sorting a household of possessions – and wading through a lifetime of memories – can be daunting for both seniors and their caregivers.

As overwhelming as it may seem, downsizing can help to create a simple, safe and stress-free environment. Downsizing can be particularly wrenching for senior citizens, but it doesn't have to be. With appropriate planning, organization and the right property, you and your loved one will have a hassle-free transition (and a much lighter load) in no time.
